

The North East Hampshire School Sport Partnership (NEHSSP) was established in September 2003 as part of the Government's PE, School Sport and Club Link Strategy.

School Sport Partnerships (SSP'S) are families of schools that come together to enhance sports opportunities for all and are made up of secondary, primary and special schools.

Originally made up of 23 schools in the Borough of Rushmoor the Partnership expanded in 2006 to encompass all 73 schools in both Rushmoor and Hart District.

The NEHSSP is based at Samuel Cody Specialist Sports College in Farnborough and works alongside its partner schools to deliver the requirements of the Government's Physical Education and Sport Strategy for Young People Strategy (PESSYP) to all 25,000 young people within the Partnership boundary.

A partnership team consists of a Partnership Development Manager (PDM), School Sports Co-ordinators (SSCO's), Further Education Sport Co-ordinators (FESCOs) and Primary Link Teachers (PLT's).

The Partnership SSCO for your school is Niki Tribe.
