7th July 2010

Dear Parents/Carers,

We have been given a fantastic opportunity to improve our school, help the environment and recycle at the same time!

Minley Garrison, in association with Babcock and Carillion, are running a community project which involves building greenhouses using recycled plastic bottles....we have been selected to be a beneficiary of this project and are planning to accept. In order for the greenhouse to go ahead, we need to collect 1500 empty, clean, clear 2 litre bottles. For example, the large bottles of fizzy drink you buy at the supermarket.

We would love you to send in your empty bottles and will store them at school until we reach our target and the greenhouse can be built!

Thanks for your anticipated support!

Catriona Chihota
