

GUILLEMONT JUNIOR SCHOOL

SCHOOL JOURNEY CLOTHING AND KIT LIST

Our school journeys involve much outdoor work, sometimes in cold or wet weather (even on “Summer” visits!). Children will not need any best or fashionable clothes at all. Daily changes of underwear, socks and some warm layers of clothing are required. Clothing should be packed in a soft-sided holdall type bag. (Line with the plastic laundry sack as luggage goes on the roof of the mini-bus and it might rain!)

For health and safety reasons bags must be medium size and not weigh more than 12 kilos as it is impossible for members of staff to lift bags that are heavier than this onto the mini-bus roof. Each mini-bus has a maximum roof weight limit, which must not be exceeded. Children get muddled up if they have a lot of clothes to look after. Bags will be weighed!!
