Commentary:

Basketball stands have been purchased to develop basketball across the school. Funds were also used to deliver an inclusive sports day. The morning was a non-competitive series of games and tasks for all the pupils. The afternoon was a competitive event of track and field events that pupils qualified through heats. Medals and trophies were presented to winners. Parents and families were invited to both events with a picnic lunch on the field. A compare and sound system kept all informed and entertained. Following discussions with the School Council regarding the school’s strategic landscaping plan, it was decided to purchase two substantial pieces of play equipment for the pupils. MUGA Boards and a 6m pyramid climber. These two items were installed during the October 2019 half-term break.

Impact:

The impact of the Sports Premium funding will be evaluated as part of our normal self-evaluation. We will assess how well we use our Sports Premium to improve the quality and diversity of PE and sports provision, including participation levels in class sessions and after school, so that all pupils develop healthier lifestyles and achieve the performance levels they are targeting.
