The Roots To Grow, The Wings To Fly

Executive Headteacher: Mr P. Shakespeare

15th September 2025

Dear Parents and Carers

'Ideal Home in Space Model' and Project Celebration for Parents

This half term, as part of your child's next unit of writing, 'My Home in Space', they will be asked to think about what they would include in a futuristic space home. To support this, we would like your child to create a 3D model of their ideal home. This can take any form and be made from the materials of your choice, for example, household boxes and packaging, Lego or papier-mâché. The model could then be painted or decorated with foil or coloured paper; please be as creative and imaginative as you wish!

Please encourage your child to take part in this homework as they will benefit from this additional learning experience. The space homes are to be brought into school by **Tuesday 21st October 2025**.

In addition to this, on **Thursday 23rd October 2025**, you are invited to visit the school in the afternoon. We will display a selection of the children's work across the Year 5 classrooms and the children will have the opportunity to guide you around. Please enter the school via reception at 2.45pm where you will be met and taken to your child's classroom. We will then ask you to wait for your children outside the Year 5 door shortly before we finish at 3.25pm.

We hope as many of you as possible will be able to attend this event to share in your child's learning experiences.

Yours sincerely,

C. Butler Y. King L. Smith

Year 5 Class Teachers
